1. Western Germany, Frankfurt and Bonn
2. The Camise project is closely related to BOB's Camlet operation and Camlet is aware of Camise's connection with us. Details of the Camise operation may be found in MGDA-3877 (not on file at FOB).
3.
  - a. Western German Federal Government. Political targets of opportunity.
  - b. SPD parliamentary representation, SPD Party Executives, various key government officials.
  - c. Agent briefed to pay particular attention to extreme rightist and leftist groups, used as bird dog, letterdrop and could be used as a cutout.
4.
  - a. Camise
  - b. Personal Record Questionnaire forwarded as MGFA-4088 and 4099.
5.
  - a. Camise has good cover as a well-known correspondent of a large German newspaper.
  - b. Camise knows that she is in contact with the representatives of a high level American intelligence agency (successor to OSS).
6. Contacts, pre-arranged by telephone, take place at case officer's home, agent's apartment or in restaurants.
7. We have considerable control over Camise. She is working under an assumed name, she obtained her present position only through our influence, and our knowledge of her wartime activities give us a hold on her, too. Besides these controls, we are completely convinced that Camise works for us primarily and overwhelmingly because of ideological considerations, and we are sure that these considerations will hold (though if Camise should come under the influence of a man with a basically different ideology, her present political ideals might undergo a change). On the basis of personal knowledge of Camise, we are satisfied that we would notice a change, were it to take place.
